March Newsletter

Welcome to Spring Skyline Families,

This March we will celebrate National Crafts Month, St. Patrick's Day and Irish Heritage Month, Springtime, and National Women's History Month.

Crafts is defined as "made by hand." The different types of crafts are endless; painting, clay, yarn, tissue paper, recycled materials, buttons, chalk, sand, and the list goes on and on. It will be fun to see what the children will create!

Although St. Patrick's Day is a recognized celebration in America it is also Irish Heritage month; what does it mean to be Irish? Do you have Irish heritage? What types of traditions, music, or foods are most common in Ireland? We will investigate and answer these questions.

Spring officially arrives March 30th, will that mean warmer weather, spring showers, blossoming plants? If the weather is warm enough we are planning to buy caterpillars to raise painted lady or monarch butterflies. This way the children can observe and experience the life cycle of an insect. It should be a lot of fun and exciting too!

The last week of the March we will recognize National Women's History Month. We will discuss significant female figures such as Harriet Tubman, Helen Keller, Susan B. Anthony, Rosie the Riveter, Sandra Day O'Connor, Billie Jean King, and many more. Just as we did last month we will make another wall collage, **please bring in a picture of a female figure in history with a brief biography of how she contributed to society.**

IMPORTANT DATES:

- March 3rd is our Parent Work Day from 8 am to 12 pm
- We are CLOSED March 30th for a Staff In Service Day and April 2nd-6th for Spring break; we reopen April 9th.
