MAY NEWSLETTER 2020

April showers bring May flowers...this month we are focusing on curriculum themes of celebrating Nurses, Wildflower and Gifts from the Garden, Bike Safety, and Photography. We will be identifying and reviewing letters: Tt, Uu, and Vv.

Nurses have always been a vital part of our community in caring and healing our society; now they should be celebrated more than ever. Therefore, we will be talking about what their job duties are, what type of education is needed, and how we can support them (thank you cards, donations of PPE).

Wildflower and Gifts from the Garden celebrate Spring and the beauty of our native flowers and food we can grow from our gardens. Do you have a garden? If not maybe a planter box? What do you like to plant? Flowers, herbs, trees, fruits, or vegetables?

The third week is Bike Safety, what are the rules? 1) Always Wear a Helmet 2) Do Not Ride Without Supervision 3) Do Not Ride in the Street 4) Look Both Ways 5) Do Not Block Driveways 6) Watch Out for Pedestrians and Cars

The last week of the month we will celebrate Photography. What pictures do you enjoy looking at and why? Have you taken photos? **Take some photos and share them with your family and preschool friends and Teachers.**
